SUPERMOTO
ABS

Thrill-seeking riders will love the added fun factor (and extra racetrack control) of the advanced "**Supermoto mode**", activated at the push of a button. The rear brake pressure is entirely up to the rider's right foot. Feel like a trail-braking master.

KTM CONNECT

Pair your headset with KTM MY RIDE for seamless communication on the go. Listen to calls, music, or navigation instructions directly through your helmet, all while staying focused on your ride.

KTM 200 DUKE

The **lightweight split-steel trellis frame** keeps the weight closer to the centre of gravity, maximizing its manoeuvrability and precision.

The **13.5 L steel fuel tank** not only provides the rider with perfect knee contact, but also 30% longer range.

One look at this **twin LED headlight** on the KTM 200 Duke, you are hooked by its full-offensive stance. Optimum visibility is guaranteed with that distinctive look.
